TOILET TISSUE

Please check on packaging that tissue is recommended for septic tank use.

PRODUCTS THAT SHOULD NOT BE PLACED IN SYSTEM

Disposable nappies wipes and liners, home hair dyes that contain peroxide, female hygiene products and non-biodegradable toilet tissue

FLOOR CLEANER

Use hot water and detergent – You can add natural bacterial cleaners such as Vinegar, Peppermint Tea, Tee-Tree Oil to your hot water.
If you choose to use other floor cleaners it is highly recommended that you rinse your bucket and mop outside with the hose, ensuring that the product does not enter the tank.

Blockage of your system may require a service callout.
